

Legal Consultation

The Board of Library Trustees will designate legal counsel to serve the needs of the Indian Trails Public Library District (ITPLD). Legal counsel may be requested to attend board meetings by request of a majority of the Board members or by the agreement of the President of the Board and the Executive Director.

Individual members of the Board of Library Trustees may only directly contact the library's legal counsel under the following conditions:

1. when directed to do so by the Board of Library Trustees or President.
2. or, when ethics questions or concerns pertaining to the President of the Board of Library Trustees arise and a second trustee concurs.

If direct contact is made, the member of the Board initiating the contact should request the attorney's opinion be directed to the President of the Board of Library Trustees and the director except when acting under Option 2, in which case a copy should be sent to the director.
